#### Wash Care Instructions

#### Icons:

## Why use Recycled Cotton?

Waste cotton is collected and sorted by colour → 'Clips' are shredded and blended with recycled polyester derived from waste plastic bottles → Re-spun and knitted into new garments

#### Recycles:

- On average 0.22kg of cotton waste and 19 plastic bottles per sweater

#### Reduces:

- The land mass needed to grow new cotton; saving 200g of pesticides and fertilizers as a result
- Energy usage; saving 3.2kWh

#### Saves:

- 20,000 litres of water
- 2.7kg of dyes and chemicals
- 11kg of CO2 emissions
