

BELLA+CANVAS®

LOS ANGELES

Bella

BELLA+CANVAS are proud to produce responsibly made garments, manufactured in a humane, sustainable, eco-conscious way. 100% NO SWEATSHOPS. We are committed to maintaining and upholding responsible workplace and environmental standards. All US production and office facilities have received Platinum accreditation from WRAP. We only work with partners who share our values of a humane and safe workplace and are in the process of getting all our international facilities WRAP certified as well. Our sewing floor is 100% solar powered and creates almost no landfill; everything we can't turn into a tee is either recycled or repurposed.
