

Portwest Ltd manages its activities to ensure risks to health, safety and welfare of its employees, customers and the general public are identified and action taken to eliminate or minimise their effects. Adverse effects of operational activities on the environment will be minimised as much as possible. We aim to comply with legal obligations, promote health, safety and environmental awareness, maintain a safe and healthy working environment, ensure all suppliers fully comply with our ethical trading principles, minimise the social impact of the companies activities and avoid damage to the environment. Portwest's fully owned production facility in Bangladesh is certified to the WRAP gold standard. WRAP is the world's largest independent factory based compliance programme for responsible production in the sewn product sector.
